College Given Du Pont Grant

Gettysburg College is among the colleges and universities in Pennsylvania sharing in grants by E. I. du Pont de Nemours & Company annual program of aid to education, the firm announced today in Wilmington, Del.

Gettysburg College has been awarded \$5,000. This grant consists of \$2,500 for chemistry teaching and \$2,500 for other courses.

The funds for chemistry teaching are to be used by the institutions in ways they will most effectively advance their instruction of the subject and stimulate interest in it. The additional grants may be used in similar ways to strengthen the teaching of other subjects that contribute importantly to the education of scientists and engineers.

AILING BABY RESCUED FROM BLOCKED HOME

A four-year-old seriously ill with pneumonia and measles was rescued from his snow-bound home and rushed to the hospital at the height of Monday's blizzard.

James Peters, son of Mr. and Mrs. Bernard Peters, Pine Grove Rd., Adams County, is in satisfactory condition at the Chambersburg Hospital, thanks to the state Highway Department, state police and ambulance crews.

His physician, Dr. John D. Sowers, Fayetteville R. 1, contacted the state police Tuesday afternoon for help in reaching the child.

HIGH TEMPERATURE

James' temperature had reached alarming levels when the call for immediate aid was received.

Police notified the state Highway Department. Highway Chief Dean Foreman dispatched driver Elam Shoemaker with a four-wheel drive snowplow to buck 20 inches of snow drifted many feet high in spots.

Following the plow was the Goodwill ambulance of Chambersburg with police in the wake of the procession.

James was loaded onto a stretcher and muffed with blankets for the trip to the hospital where he was admitted as a patient in the pediatric department.

The Peters home is at Fayetteville R. 1, along the Pine Grove Rd. 2½ miles of snow-clogged highway from Caledonia Park.

AAUW PANEL THIS EVENING

A panel of three members of the Gettysburg College faculty will discuss the processes of learning at the meeting of the Gettysburg branch of the American Association of University Women this evening at 8 o'clock at the West St. branch of the Gettysburg National Bank. Mrs. Richard Guise will be the moderator for the panel whose topic is "Learning About Learning."

There will be a brief business meeting at which proposed changes in bylaws will be discussed with the president, Mrs. William M. Lott, presiding.

The panel program, the third in a series on "Expectations for Education," will be presented by Dr. M. Esther Blos, chairman of the sociology department at Gettysburg College; Mrs. Austin (Continued On Page 3)

Worst Snowstorm Of Winter Causes 140 Deaths In East

By THE ASSOCIATED PRESS

Bitter cold added woe to misery today as the eastern half of the nation continued to dig out of its worst snowstorm of the winter.

Thousands of motorists and others were stranded and more than 140 deaths were blamed on the blizzard-like onslaught.

New York City sanitation men, 8,000 strong, were bolstered by 3,000 extras hired at \$2 an hour to shovel snow from streets.

Manhattan's Great White Way was just that.

BRING OUT HEATERS

In the South, Florida citrus growers readied heaters for the lowest temperatures — 23 in Jacksonville and 42 in Miami Beach — since the crop-killing freeze 13 months ago.

Temperatures also plummeted elsewhere—to 11 below zero early today in Albany, N.Y. Biting winds made it seem even colder.

In New York City, police and a doctor teamed up Monday to bring an emergency supply of blood to one-day-old Lisa Cavazzuzza in a Queens hospital. Lisa, born at 8:30 a.m., was taken to a hospital in New York City's Belt Parkway. Buses rescued the latter group. The others began to move as conditions eased.

ILL PILOT RAMS CLASSROOM IN SUICIDE FLIGHT

SHAWNEE, Okla. (AP) — A former mental patient ignored police rifle fire and fled the plane of the man who taught him to fly and crashed his private plane into a classroom building at Oklahoma Baptist University Tuesday.

The pilot, Robert Lawson, 43, Inola, Okla., was killed when the rented single-engine plane ripped a gaping hole in the side of Shawnee Hall and burst into flames.

Lawson had warned by radio he would crash into the administration building, but since he left the campus several years ago, administrative offices had been moved to Thurmond Hall.

NO INJURIES

Officers evacuated Thurmond Hall, but scores of students were taking final examinations in Shawnee Hall. No one else was injured.

Lawson's son, Mike, 21, is a student at the college. His former wife, Vashti, is a junior high school teacher here.

Police fired high-powered rifles at the plane as it winged low over the Student Union and angled past a flag pole on its fatal run. An autopsy later showed no bullet wounds in Lawson's body.

Fred Reese, Shawnee airport manager who taught Lawson to fly when Lawson was a student here 24 years ago, said he tried to talk Lawson out of making his flight.

"He felt this entire world was against him," Reese said.

MOUNT PROOF IN WHO'S WHO

Gerold C. Orosz, chairman of the education department at Mt. St. Mary's College, Emmitsburg, has been included in this year's publication of Who's Who in American Education, the annual directory of American educators published by Who's Who, Inc. of Nashville, Tenn.

Prof. Orosz, a native of South Bend, Ind., received both his bachelor's and master's degrees from the University of Notre Dame. He is currently a candidate for a doctorate in education from the University of Maryland.

He has been a member of the Mount faculty since 1951 and is a member of the college's steering committee which is preparing for a 10-year accreditation review by the Middle States Association. In addition to his college duties, he is a member of the Maryland State Teachers Association, the American Association of School Administrators, the Middle Atlantic Placement Officers Association and the Knights of Columbus.

During World War II he served as an officer with the Naval Air Force in the Pacific. He is the father of two children at home, Gerald Jr. and Mary Ann.

IN COLLEGE PLAY

Northern Joint High School at Dillsburg regained the vocational egg banner by having the largest and best display of eggs in the show. It won the banner each year from 1959 through 1962, slipped to third place last year and then regained the award this year.

James Buchanan Joint High School won second place in the Future Homemakers of America window exhibits. And prizes were also won in that competition by Greencastle-Antrim Joint High School and St. Thomas High School. All are in Franklin County.

CHEAT ASKS FOR LONGER SENTENCE

EAST PROVIDENCE, R. I. (AP)—Gordon A. Wilson, 39, pleaded guilty to being a common cheat and was sentenced to six months in jail Tuesday.

"Please, your honor, can't you make it a year?" Wilson asked.

He explained that he would have to serve a full six-month sentence, but if he was given a year, he would be eligible for parole after serving only four months.

"One year at the adult correctional institution," said Judge Eugene J. Sullivan.

WASHINGTON (AP) — Theodore C. Sonoren, a top aide to the late John F. Kennedy for 11 years resigned today as White House special counsel.

Sorenson, 35, wrote President Johnson that he wanted to be free during the next few months to write a book about the assassinated President.

The resignation is effective Feb. 29.

Mrs. Kennedy Tells Nation Of Her Grief And Comfort

By HARRY KELLY

WASHINGTON (AP) — Mrs. John F. Kennedy told the nation of her grief and of the comfort she gained from the thousands of messages after her husband's assassination.

"Whenever I can bear to, I read them," she said, her eyes shining with tears, then murmured: "All his bright light gone from the world."

The former first lady expressed the thanks of herself and her children for the 800,000 messages of tribute and condolence in a statement broadcast on radio and television Tuesday from the office of her brother-in-law, Atty. Gen. Robert F. Kennedy.

Clad in black and sitting before a blazing fireplace, Mrs. Kennedy said:

800,000 MESSAGES

"I want to take this opportunity to express my appreciation for the hundreds of thousands of messages—nearly 800,000 in all—which my children and I have received over the past few weeks.

"The knowledge of the affection in which my husband was held by all of you has sustained me, and the warmth of these tributes is something I shall never forget. Whenever I can bear to do it, I read them. All his bright light gone from the world."

"All of you who have written to me know how much we all loved him, and that he returned that love in full measure.

PLACED IN LIBRARY

"It is my greatest wish that all of these letters be acknowledged. They will be, but it will take a long time to do so, but I know you will understand.

"Each and every message is to be treasured not only for my children but so that future generations will know how much our country and people in other nations thought of him. Your letters will be placed with his papers in the library to be erected in his memory along the Charles River in Boston, Mass.

"I hope that in years to come many of you and your children will be able to visit the Kennedy Library. It will be, we hope, not only a memorial to President Kennedy but a living center of study of the times in which he lived and a center for young people and scholars from all over the world.

"May I thank you again on behalf of my children and of the President's family for the comfort your letters brought to us all. Thank you."

fect the relations between the United States and Panama."

The canal treaty is the chief "existing matter."

Informants in Washington said a copy of the OAS communiqué received there said nothing about "formal" discussions between the two sides but that they had "agreed to begin discussions on all existing matters of any nature" affecting U.S.-Panama relations.

REVIEW OLD TREATY

At the outset of the OAS-sponsored talks Sunday, Panama had insisted that resumption of diplomatic relations should be preceded by a strong U.S. declaration of intent to review the 1903 treaty that gives the United States perpetual sovereignty over the Canal Zone. The United States reportedly balked at making such a pledge under pressure.

Panama is not expected to call on the United States to get out of the Canal Zone, which cuts the strategic Latin-American country in half. Solis has made clear that Panama is not interested in running the canal. He stressed, however, that his government will seek to reduce the boundaries of the zone, which is 10 miles wide and extends 36 miles from the Caribbean to the Pacific.

SEEK MORE MONEY
Panama also is expected to seek an increase in the \$1.9 million the United States pays annually for the use of the canal and greater opportunities for advancement for Panamanians in the Canal Zone Company.

Quiet prevailed along the Canal Zone borders where 21 Panamanians and 3 U.S. soldiers were killed last weekend. The violence stemmed from Panamanian resentment—apparently egged on by pro-Castro Communists—to the defiance by American high school students in the Canal Zone of regulations requiring the joint display of U.S. and Panamanian flags in the zone.

We are only born equal in opportunity. If we were all equal in ability, and everything divided equally with every human being, this would not be a very interesting world for if we were equal in ability we would either be super-folk, or else just ordinary folk — with little or no incentive.

It is well, in this Western world, at least, that we are born equal before the law, and that every human being, whether rich or poor, be given equal justice. But progress and growth come from a burning incentive to do something, to create, and to develop what ability is ours by inheritance.

No limit should ever be placed upon the aspiration of a person. That is the one great blessing of living in a free world, where the humblest may rise by his own efforts to the highest of stations in life.

It should make none of us unhappy that others excel us in ability, or enterprise, just so long as we use all that is our inheritance to a good and useful purpose.

I can see no reason why any of us should regret the success of another, where that success has been honestly and industriously earned. Rather every such example should be an inspiration to us — an example to spur us to greater effort toward bringing out the best of all that we are. Only small minds look upon the success, or good fortune of another, with a jealous eye.

The natural blessings of this world, especially Nature's gifts, in all her forms of beauty, are spread equally to all. Some drink deeper into them than others, but that is only their rare good fortune. Yet such a spring of refreshment is open to the humblest and the poorest of us.

It is a fact that happiness is waiting "just around the corner" for millions who simply refuse to take that turn! And all too many such people blame someone for not pushing them around that corner! Like leading a horse to the watering place, who refuses to drink.

Out of the worst to a little bit better,
Out of disaster as quick as you can,
Waiting no time as a whiner and fitter,
A failure today, but tomorrow a man!

Up from the tumble the goal still to try for,
Starting anew where the last hope went down.
Wasting no minutes lost treasures to sigh for,
Shipwrecked, but fighting your best not to drown!

After the fire and the last girder crashes
Dwell not too long on the desolate view,
There on the site that is blackened with ashes
Courage must hasten to build up anew.

Nothing is altered by cursing or wailing,
Men grumble with things as they are in vain;
But from the worst with a courage unfailing
Rises the stout heart to triumph again.

directors at their regular January meeting. An average of more than 100 persons was admitted to the hospital each month last year while the average number of patients per day increased. The total for the year was 1,299. There was an average of 32 patients in the hospital each day last year. The number of accident cases treated at the hospital increased by about 150 during 1938 over the figures for the preceding year.

The maternity ward was a busier place in 1938 than in 1937. The report reveals with the statement that last year a total of 203 babies were delivered as compared with only 171 for the preceding twelve months. A total of 1,276 persons appeared at the hospital last year for return dressings and treatments. In 1937 there were 1,234. While the number of patients increased there was a smaller number of paying patients in 1938 than in 1937. Consequently the institution was called upon to treat an increased number of free and part-payment patients.

Warren Hospital enjoyed its busiest year in 1938, its annual report revealed. The largest number of patients handled in any year since the hospital has been serving at that institution during 1938, it was revealed in the annual report of Miss Sara J. Clark, superintendent, presented to the board of the browning process.

Littlestown News**LIONS TO HEAR DR. F. TILBERG**

Dr. Frederick Tilberg, chief historian of the Gettysburg National Military Park Service, will be the guest at the semiannual dinner meeting of the Littlestown Lions Club on Thursday at 7 p.m. in the Starlite Room, Dutterer's Restaurant. Dr. Tilberg will give an illustrated lecture on the Gettysburg Battlefield.

There will be vocal selections by a girls' sextet composed of Linda Hess, Peggy Myers, Patty Little, Joyce Kerschner, Jackie Elder and Martha Ritter and accompanied by Carolyn Kump, of the Littlestown High School. The sextet is directed by Mrs. Ruth W. Elder. The program is in charge of the civic improvement committee consisting of Howard O. Myers and P. Bernard Weaver. Tail Twister Orville C. Sentz has requested that each member bring along a Washington head quarter.

The Pennsylvania State Lions Council would like to know if the club would be interested in having manufactured a state pin. The pins would cost approximately 15 or 20 cents each. Members must decide by February 6.

A letter expressing "grateful appreciation" was received from Clarence P. Keefer, campaign chairman of the Adams County Public Library, for the donation of \$25 from the club. He further stated that the new building is progressing rapidly and the services of the library will be enhanced when the new facilities are completed.

The Young Women's Bible Class of St. Paul's Lutheran Church did not meet on Monday as scheduled. The class will have the postponed covered dish supper gathering on Jan. 27, at 6:30 p.m. at the church.

Mrs. Clara Belle Coshun Cook R. 2, and Ernest Russell Sents, Littlestown, were married Sunday afternoon at 3:30 o'clock in St. Paul's Lutheran Church, Littlestown town. Rev. Graham T. Rinehart, pastor, performed the double wedding ceremony.

The bride wore a mink colored lace dress over beige with beige accessories. She carries a white Bible with a white orchid and satin streamers with baby carnations.

She was attended by Mrs. Mary Funt, Gettysburg R. 6, who wore a pink lace dress with white accessories and a corsage of pink rosebuds and small white carnations.

Donald T. Sents, Carlisle, was best man.

A reception was held for guests at the bride's home near Green mount.

Mrs. Sents is a cook at the Adams County Home. Mr. Sents is a retired employee of the Littlestown Hardware and Foundry Co. He served in World War I, taught school for several years and was a mail carrier for 14 years. He worked for Littlestown Hardware and Foundry for 29 years.

Guests were from Carlisle, Littlestown, Gettysburg, York and Washington, D.C.

VFW Post Adds 3 New Members

Three new members, Bernard S. Smith, Clyde Zartman and Marlin N. Group, were enrolled as new members of Mason and Dixon Memorial Post No. 6654, Veterans of Foreign Wars, at the first January meeting held on Tuesday evening at the post home, W. King St.

Members were urged to pay their 1964 membership dues to Quartermaster Bernard J. Kuhns. There was a discussion on the tentative formation of a Civil Defense class. Earl J. Weaver reported on the financial success of the New Year's Eve party. He also reported that the post expended \$120 for Christmas baskets distributed. Members of the post and their guests will enjoy a shrimp feed Saturday at 6:30 p.m. at the post home. Those having paid membership receipts will be admitted free. The next regular meeting of the VFW will be held Tuesday, January 28, at 8 p.m.

NEW YORK (AP) — "The Girl Who Came to Supper" found the leading man in her life, Jose Ferrer, had departed for sunnier climes.

Even the second best man had gone south.

So the hardy few who braved a snowstorm to attend Monday night's performance of the new Broadway play were sent away with apologies.

Ferrer spent the weekend with his wife, Rosemary Clooney in Puerto Rico, where she's appearing in a night club. He couldn't make it back because the storm closed New York area airports.

Ferrer's stand-in, David Brooks, spent Sunday in Pennsylvania. When his big moment came, he was aboard a snowbound bus in Bucks County.

Mansfield-aid: Senate Democratic leader Mike Mansfield says he favors retaining the Agency for International Development, but thinks foreign military aid should be put under the Defense Department.

The Montana Democrat said in an interview Saturday he formerly favored putting all foreign economic assistance under the State Department, "but times have changed and so have my views on the subject." He didn't elaborate.

A special commission headed by Undersecretary of State George W. Ball is reviewing the entire structure of the foreign aid program. It is scheduled to make its report Wednesday.

Ball is said to favor dividing

the program between the State Department, to handle military aid; and an independent aid program for Latin America.

Federal spending: Six Republican members of the Senate-House Economic Committee plan to sponsor legislation for a two-year study of federal spending policies.

Bills to be introduced in both houses of Congress would establish a bipartisan commission, including congressmen, representatives of the executive branch and private citizens from business, labor and the professions.

The commission would be directed to study and make recommendations on possibilities of turning some federal functions over to the private economy or

state or local government, charging of fees for some government special services, spending priorities among government programs and improvement of budgetary processes.

Bulova Makes Tiny Space Part

ROLLA, N. D. (AP) — A plant here operated by Bulova Watch Co. has a small, but special "bearing" on the space age. Its only product is an instrument jewel bearing — and it's the only plant of the kind in the country.

This bearing, for a space-age gyroscope, is so small that 400,000 of them would make a level teaspoonful.

Trusty Suffers Woodchuck Bite

ELYRIA, Ohio (AP) — Being allowed outside one's cell has its drawbacks, a trustee at Lorain County Jail has learned.

Deputies said the trusty, David Turner, 21, was bitten by a woodchuck as he stepped from the kitchen door to dispose of garbage.

Jail physician Sanford L. Zieve ordered daily rabies shots. Indian totem poles served as coats of arms, banners, storybooks — even as notices of unpaid debts. Totem carving became a fine art when Europeans gave northwest coastal Indians their first steel tools.

TWENTY-FIVE YEARS AGO
Named Superintendent: John J. Reimer, Bigerville, ceramic engineer for the Penn Tile Works Company, Aspers, since January, 1896, has been promoted to superintendent of the plant, the position formerly held by T. W. Drummond. Mr. Reimer was graduated from the New York State College of Ceramics and received his degree in ceramic engineering and general technology from Alfred University. Before assuming his position with the Penn Tile Works, Mr. Reimer was employed by the Exonol company of Blasdell, New York. During his employment there he was in charge of the chemical treatments of the carbonium files produced in the plant. Mr. Reimer is co-author with D. C. Aspers, of Aspers, of a publication entitled "Vitrazzo." Mr. Reimer is a member of the American Ceramic Society and Theta Kappa Nu Fraternity.

Plans for New Home: Plans for the new three-story home for the Gettysburg Elks were approved at the meeting of the lodge Monday evening and the building committee was authorized to proceed with the necessary arrangements so that construction may begin in the spring. The present Elks home will be torn down completely to make way for the new building that will have several new features and will be completely modern in style. Present plans call for making the building about 160 feet long. The frontage on Chambersburg street is 30 feet. The building will cover all but about 16 feet of the lot that extends to the rear of the lodge home. J. Allen Dearborn is chairman of the lodge's building committee. Other members are Edgar K. Markley, Esq., exalted ruler of the lodge; John W. Brehm, Harry Gulden, Dr. R. B. Wickham, Harry Troxell and Dr. W. S. Mountain.

Pennsylvania's new Republican cabinet will be headed for the first time in history by a woman. The woman — Miss G. M. A. O'Hara, Wilkes-Barre lawyer and deputy attorney general under two earlier republican administrations — becomes secretary of the commonwealth.

SENATOR RICE GIVEN MEDAL: Senator John S. Rice, Broadway, chairman of the 75th anniversary of the Battle of Gettysburg commission, was one of sixty residents of Pennsylvania and the United States who was decorated with a medal by Governor George H. Earle, Friday afternoon in Harrisburg. The decoration and citation is for "meritorious service." The medal, officially created by the state legislature in 1937, can be awarded to Pennsylvanians or any other deserving citizen of the country. It is a round medal. Around the circular band is the inscription, in relief, "Meritorious Service." In the center is the Crown of Sweden, the Holland Lion, taken from the Holland coat of arms, and three small crowns symbolic of the three provinces of Sweden. The Keystone emblem is at the bottom and on the reverse side is the inscription "Commonwealth of Pennsylvania." This is suspended by a decorative ribbon of orange, white, blue and yellow.

Will Probe Joint Land Deal Involving Sen. Smathers

WASHINGTON (AP) — Senate investigators pledged Tuesday a full inquiry into a joint land venture by former Senate aide Robert G. Baker and Sen. George A. Smathers, D-Fla.

But Tuesday's open hearing remained focused on the vending machine aspects of Baker's business dealings.

The Senate Rules Committee is investigating whether Baker, who resigned under fire last Oct. 7 as Senate Democratic secretary, engaged in business dealings that conflicted with his duties or involved other improprieties.

PAID \$45 A MONTH

Called back for more testimony today was Eugene A. Hancock of Miami, Fla., president of Automatic Vending Services, Inc., and former president of another vending machine company known as Serv-U Corp.

The committee was told Monday by another witness that Baker received \$850 a month for helping land a defense plant franchise for another vending machine company.

Smathers' name came up in the testimony late Monday of Milton Haft, a veteran of 15 years in the Internal Revenue Service, who said he has assisted Baker in preparing his federal income tax returns.

ASKED ABOUT INCOME

Asked if Baker had reported about \$4,000 in income on his 1962 return from a land operation in Florida, Haft replied he was not quite sure of the amount. But he said the income represented Baker's share of a joint Florida land venture with Smathers and the senator's former administrative assistant, Scott I. Peck.

SELLS HIS SHARE

In a statement issued after the hearing, Smathers said that early in 1957 he took a one-fifth interest in a real estate transaction in central Florida. He didn't give any dollar figure or identify the land venture further.

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The average person speaks about 25,000 words a day. That doesn't include the telephone conversations of teen-agers.

The parakeet can consume nearly 100 times its own weight in food each year.

The world's heartiest eaters are the Irish. According to United Nations figures, they put down 3,500 calories a day each, compared to 3,100 calories for Americans.

HIGH SUICIDE RATE

No man, not even a genius, begins to tap the full potential of his brain. It has been estimated that the human mind could store several hundred memories an hour for a lifetime of 75 years and never show the strain. I forgot where I learned this.

The suicide ratio is twice as high in Japan, Hungary, Denmark and Sweden as in the United States.

Our quotable notables: "The best way to get on in the world is to make people believe it's to their advantage to help you" — Jean de la Bruyere.

SOME MUST LOSE

Single girls, here's your problem in finding a mate during the present Leap Year: There are 2½ million fewer men than women in this country — so some of you have to lose.

Japan, which lost the war, is finding peace pretty wonderful. A survey disclosed 91 per cent of Japanese families had television sets, 70 per cent had electric washing machines, 52 per cent had electric refrigerators, and 60 per cent owned cameras.

On the other hand, in East Germany a woman must show a marriage license in order to buy white shoes. The Communists decreed that only intended brides can buy white shoes which are in short supply because leather, dyes and bleaches must be imported from capitalist countries.

TAXES ARE HIGHER

It has been found that time passes about a third faster when you're working than when you're loafing.

Last year the cost of a gallon of gasoline averaged more than 30 cents, including 10.28 cents in taxes. The price 20 years ago averaged 20.43 cents a gallon, including 5.97 cents in taxes.

The American Humane Association reports 26,783 animals appeared in movies or on television last year. In 1950 only 5,300 appeared on camera.

It was Oscar Wilde who observed, "The only thing to do with good advice is to pass it on; it is never of any use to oneself."

Today In Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — In the news from Washington:

Dirksen: Congressional approval of tax reduction and civil rights legislation has been forecast by Senate Republican leader Everett M. Dirksen.

But the Illinois Republican said he had grave doubts that the civil rights bill now pending in the House Rules Committee can win approval in its present form.

Appearing Sunday on a taped radio - television program with Sen. Kenneth B. Keating, R-

N.Y., Dirksen recalled he had come before mid-February. told the late President John F. Kennedy he could not go along with the controversial section to desegregate such public accommodations as privately owned hotels, motels and restaurants. He said there were others who shared his view that the provision should call for voluntary desegregation and added he thought it would be difficult to get support of two-thirds of those voting to stop the certain Southern filibuster against the bill.

Dirksen said he believes the

House-passed tax cut bill will

be approved in time to be made

retroactive to Jan. 1. The mea-

sure is now under considera-

tion by the Senate Finance Com-

mittee. But Dirksen said he doubt-

ed final Senate passage would

come before mid-February.

Mansfield-aid: Senate Democratic leader Mike Mansfield says he favors retaining the Agency for International Development, but thinks foreign military aid should be put under the Defense Department.

The Montana Democrat said in an interview Saturday he formerly favored putting all foreign economic assistance under the State Department, "but times have changed and so have my views on the subject." He didn't elaborate.

A special commission headed by Undersecretary of State George W. Ball is reviewing the entire structure of the foreign aid program. It is scheduled to make its report Wednesday.

Ball is said to favor dividing

the program between the State Department, to handle military aid; and an independent aid program for Latin America.

NBA PENSION DEMAND CAUSE OF HITCH IN ALL-STAR TILT

By BOB SALMON

Associated Press Sports Writer
BOSTON (AP)—It was advertised as the night of the 14th annual National Basketball Association All-Star game.

But it may have been the night the NBA came painfully close to collapsing.

Game time Tuesday night was 9 p.m., EST. Television cameras for a national audience were ready. A full house was settling back at Boston Garden, waiting for the 20 best players in the league to begin action for the East and West teams. The spotlights were about to go on. **ONE FLAW**

There was only one flaw. The players had decided they were going to walk out—leaving the cameras, the audience, the fans and the spotlights—if the league didn't call a meeting of the Board of Governors.

They wanted a pension plan. And, apparently, they wanted it, or at least solid assurance of it, right then and there.

"The players told me at 8:55, five minutes before game-time, that they would go through with the game," said J. Walter Kennedy, league president.

Until that moment, Kennedy said, the game was in doubt.

EAST SQUAD WON

The East squad, led by Cincinnati's Oscar Robertson and Boston's Sam Jones, went on to win 111-107 and register its ninth victory in 14 games.

But the game seemed anticlimactical after what had been taking place in a dressing room 50 feet from the court.

Kennedy told newsmen at the hastily-called conference just out of sight of the fans—and just as the game got underway—that he had just met with All-Star Tom Heinsohn of Boston, President of the NBA Players Association, earlier Tuesday and discussed the proposed pension plan.

ACTION PROMISED

He assured Heinsohn, he said, that the plan would be acted on either Feb. 18-19, at the NBA Board of Governors meeting, or on May 1, when all the club owners would be present at the league's annual meeting.

He said he thought the matter had been taken care of. But at 6 p.m. Heinsohn and Bob Pettit of the St. Louis Hawks came to his hotel room and demanded an immediate Board of Governors meeting.

This was impossible, Kennedy told them. But he agreed to contact all the owners who were in Boston for the game and get assurances from them that they would act on the pension plan either next month or May 1. **10-MINUTE DELAY**

The NBA president then met with the 20 All-Star players in a dressing room at 8:25 and assured them that the plan will be thoroughly considered.

That was that and the game—a good one—went on after a 10-minute delay. The East built up an 18-point lead in the third period, then had to hang on as the West, led by Jerry West of Los Angeles, Wilt Chamberlain of San Francisco and Pettit, rallied and closed the margin to four points on three occasions.

Robertson was the game's high scorer and Most Valuable Player with 26 points, 14 rebounds and eight assists. Wilt and Pettit each had 19 points.

Chisox Give Pay Boost To Ward

CHICAGO (AP)—Third baseman Pete Ward signed his 1964 baseball contract with the Chicago White Sox today for almost twice his last season's salary. He became the fourth White Sox player to come to terms.

Ward, who led the Sox in six offensive departments in his major league rookie season, reportedly was upped from an \$8,000 minimum to around \$15,000 for the coming season. Ward led Chicago in hitting with .295 and in RBI with 84. He also had 22 homers, tying Dave Nicholson for the club lead.

West Jr. High Faces Braves Here Tonight

The Gettysburg Junior High dribblers will seek their initial victory after two losses when they meet Waynesboro West here tonight in a South Penn Junior High League game. The contest was postponed from Monday due to the snow-storm.

Coach Don Bickel's varsity bowed to Carlisle in its opener before showing much improvement despite losing in overtime at Scotland.

At 6:30 Bill Cadle's jayvees will go after their third straight triumph.

SHIPPENSBURG WILL PLAY AT MSM THURSDAY

SHIPPENSBURG — Shippensburg State College's Red Raider basketball squad, 7-3, travels to Emmitsburg to meet Mt. St. Mary's, 10-8, Thursday evening at 8 o'clock.

Reggie Weiss continues to lead the State College conference in scoring, and currently the 6-1 junior is throwing in the points at a 23.3 clip. In 10 games he has scored 83 field goals and 67 putts to put him ahead of the rest of the pack in the scoring derby. Ken Miller is the second best SSC scorer, but Ken is far behind Weiss with a 17.1 average. Miller is the leading rebounder with 124 caroms in 10 games for a 12.4 percentage.

GOOD SHOOTING MARKS

Harry Chapman continues as the shooting leader with 59 per cent. The slim 6-3 rebounder has scored 53 of 89 field goals and grabbed 93 rebounds. As a team, the Raiders have dropped in shooting percentage over the last two games and now are gunning at 47 per cent. The Raiders had a disastrous night at the foul line against Kutztown, but are still shooting at 67 per cent from the charity stripe.

So far there have been frustrating moments for the Raiders this season. In the three games the Big Red has lost, the total margin of victory in all three has been four points. Indiana edged the Raiders 82-80 in an early season loss that went into overtime. Bloomsburg turned the trick 59-58 in a league encounter and Kutztown rubbed salt in the wounds Saturday with their slim 69-68 margin of victory.

CLIPPERS WIN IN OVERTIME

By THE ASSOCIATED PRESS

No one around the American Hockey League will be surprised if the Baltimore Clippers lead a drive for overtime pay this season.

The Clippers put in extra duty for the ninth time—more often than any AHL club—Tuesday night and their efforts continued to boost the company stock.

George Konik, who might get into the act with a demand for workmen's compensation, literally knocked himself out to give Baltimore a 5-4 sudden-death victory over Buffalo. The Clippers have been beaten only once in overtime, winning six and tying two.

In the only other game played, Quebec rallied in the final period to nip Providence 3-2 and increase its Eastern division lead to three points over idle Hershey. Baltimore is another point back.

Konik, a rookie left-winger, barreled in on Buffalo goalie Cesare Maniago to score the game-winning goal at 3:33 of the extra session and then slammed into the boards behind the net. He fell to the ice, unconscious, but was revived and left under his own power.

CROSBY GOLF PLAY BEGINS ON THURSDAY

By JACK STEVENSON

Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)

—Anything can happen at Bing Crosby's golf tournament and you can only guess what will happen when the \$60,000 production swings into action Thursday.

Two years ago snow caused postponement of the final day's play. Never before had it snowed during this tournament but rain and winds aren't at all unusual.

A year ago pro Dave Douglass of Lakewood, Colo., carded a 19 on the 10th hole of the Pebble Beach course. That set no record since Hans Merrill of Mogadore, Ohio, had taken 19 strokes on the over-the-ocean 16th hole at Cypress Point a couple years before.

Arnold Palmer's money-winning was stopped at 47 consecutive tournaments when in the 1963 Crosby he was disqualified for improperly playing a provisional ball.

Billy Casper won a year ago with a 72-hole score of 285 but he had to watch on television while both Jack Nicklaus and Gary Player lost big chances to catch him. Finally, five tied at 280 just a stroke off the pace.

Both Player and Nicklaus missed putts on the 18th that would have sent the tournament into a playoff.

WEISS LEADS PSC SCORING

JOHNSTOWN, Pa. (AP)—Defending champ Slippery Rock is still on top of the western division of the Pennsylvania State Colleges Athletic Conference. The Rockets sport a 3-0 record.

Things are a little different in the eastern section with five teams scrambling for the top spot. Mansfield and Bloomsburg, with 5-1 records, share the lead.

Ron Weiss of Shippensburg paces the individual scoring race with 146 points in six games.

Says Liberty Bowl Must Be Shifted

PHILADELPHIA (AP)—Saying Philadelphia is "not a good college football town," promoter Ambrose Bud Dudley said he must move the Liberty Bowl football game to another location if it is to survive.

Dudley, speaking at the Philadelphia Public Relations Association luncheon Tuesday, said he lost \$50,000 in promoting the game, which haven't drawn large crowds and were played in cold weather.

"I can't keep losing money. Either I take the game out of town or I forget about it entirely," he said.

He said Atlantic City is interested in the game, played in mid-December, and would put it on inside huge Convention Hall where other indoor football games have been played.

Davies Honored During O-T Game

Bob Davies, Country Club Lane, was honored with a huge birthday cake right in the middle of play during the Oldtimers' NBA game at Boston Tuesday evening. He is observing his 44th birthday today.

Davies was interviewed at half time and was tabbed as the greatest backcourt man in the professional league during his career as a member of the Rochester Royals.

The Oldtimers' game was played at a preliminary to the annual East-West All-Star game.

MAYS SIGNS CONTRACT

SAN FRANCISCO (AP)—Center fielder Willie Mays, one of the highest paid players in the history of baseball, has signed his 1964 contract with the San Francisco Giants, it was announced Wednesday.

Terms were not announced but it is believed the 32-year-old superstar will get about the same as last year—\$105,000.

G-burg Hosts Penn Matmen This Evening

Gettysburg College's undefeated wrestlers will face probably their severest test of the campaign when they meet the University of Pennsylvania here tonight at 8 o'clock.

Penn comes here with a 1-1 record, having won from Lafayette, and being defeated by Cornell, always a powerhouse among major schools, 21-12.

The Bullets have won from Juniata, Delaware, Bucknell, Dickinson and Elizabethtown.

There will be no preliminary match.

WIFE IN CAIRO, SHARIF PLANS NEW U. S. FILM

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — Egyptian actor Omar Sharif and his movie star wife, Faten Hamama, have a design for living. That is, if you can call it living when a married couple resides 7,000 miles apart.

The situation: Omar is the sleekly handsome star of Egyptian films who scored an international hit and an Academy nomination as Peter O'Toole's desert buddy in "Lawrence of Arabia." In so doing, he priced himself out of the Arabic market.

CAIRO CAREER

Miss Hamama remains in Cairo to care for their 7-year-old son and her Cairo career.

"She has been in films for 24 years—ever since she was 7," explained Sharif. "She enjoys that life, and it would be wrong to ask her to leave."

"On the other hand, it would be impossible for me to return to films in Egypt. I've already had one good picture in the international market, and I've just made another—"Behold a Pale Horse" with Gregory Peck and Anthony Quinn. Now it is important for me to make one more good picture, and I would like to make it in Hollywood.

WILL MAKE CHOICE

"I think I will be able to, because I have my choice of a number of good scripts. Picking the right one is the only problem; it is difficult to make a choice after working with such good directors as David Lean and Fred Zinnemann."

"If I can get this third good movie, then I will be able to spend more time in Cairo. But in the meantime my wife and I will have to live in different parts of the world."

It wasn't so bad when he was working in Europe, he said. Then his wife could join him for a month or so. But Cairo to California is more of a jump.

Besides establishing his international reputation, work in Hollywood would help fatten the family fortunes. He has yet to haul in the really top money.

Most of the thousands of kids who visit the show are attracted by the scores of farm tractors and other mechanical equipment on display on the main exhibition floor. They enjoy climbing on the machinery and pretending to be farmers.

The stork has made only one visit to the animal pens—there usually are nearly a half dozen new arrivals by this time in the show—but two dairy cows were in special maternity stalls

FLAG BEARER IN JFK CORTEGE HAS FAN CLUB

By FRED S. HOFFMAN
WASHINGTON (AP) — A young sailor who bore the presidential colors in John F. Kennedy's funeral cortege has won himself something of a fan club.

From coast to coast — even from Canada — admirers have written to 19-year-old Seaman Appren. Edward Nemeth with expressions of "well done."

Some sent their letters of praise to Secretary of the Navy Paul B. Nitze, who chimed in with a formal commendation of young Nemeth's "exemplary conduct and appearance."

The tall, crewcut sailor, only a year in the Navy, was seen by millions on television as he marched slowly, solemnly and alone behind the caisson bearing the assassinated president's casket.

POIGNANT EVENT

Judging by some of the letters he and the Navy have since received, he somehow exemplified the poignancy of the event.

From Napa, Calif., one man wrote: "Many of us will long remember you, tall, straight, light of step, marching with such poise and dignity."

The one which Nemeth said he liked the best was a note in the handwriting of a child and signed "Your friend, Patria."

It said "I think you are very kind and wish you happiness."

Nemeth is attached to a Navy ceremonial guard unit here and has performed the flag-carrying chore at a number of naval funerals.

TESTA DENIED NEW HEARING

PHILADELPHIA (AP) — Philip C. Testa was denied Tuesday a rehearing on bail application by the U.S. third circuit court of appeals.

Testa, 39, of Philadelphia, reportedly top lieutenant of Angelo Bruno, the alleged head of the Philadelphia Cosa Nostra, has been in prison on a contempt charge for refusing to testify before a federal grand jury investigating charges of interstate extortion.

PLAN APPEAL

He was indicted last Oct. 31, along with Bruno and seven others.

Six weeks after the indictment Bruno returned to Philadelphia from Italy and pleaded innocent to the charges. He was released in \$30,000 bail on Dec. 17.

PRESIDENT IS HOST AT FIRST STATE DINNER

By FRANCES LEWINE
WASHINGTON (AP) — President Johnson served Italian opera and American hootenanny at his first official White House state dinner for Italian President Antonio Segni.

As his VIP guests left the snowy driveways of the White House toward midnight, the President returned to his office with some of his advisers, saying he had to "go back to the coal mine." Problems involving the crisis in Panama still faced him.

Mrs. Johnson whispered in the President's ear just before he left. She told him not to make it another late night, Johnson revealed to reporters with a smile.

HAD 138 GUESTS

The Johnsons had invited 138 guests, including many prominent Italian-Americans, their first formal state dinner. It featured filet of beef and a mocha mousse dessert, served on Truman china at 11 small tables in the big state dining room.

Among the guests were composer Gian-Carlo Menotti and labor leaders George Meany and David Dubinsky.

In honor of Segni, the Johnsons gave their party a blend of Italian and American music. Baritone Robert Merrill of the Metropolitan Opera was applauded warmly as he sang selections from the operas of Verdi and Rossini.

MINSTRELS PLAY

Then, nine lively young folksingers—the New Christy Minstrels—took or the East Room stage, with guitar and a banjo and virtually rocked the room with "Cotton Picker" and "Last Farewell," and "Saints Train."

Sixteen-year-old Lucy Baines Johnson, took time out from studying for English, math and Spanish exams, donned a black velvet long evening gown and took a front row aisle seat next to Secretary of State Dean Rusk to watch the after-dinner show.

Roosevelt's Yacht Will Be Auctioned

LONG BEACH, Calif. (AP) — Dr. Walter D. Cocking, 72, a prominent teacher and educator and commissioner of education for Tennessee from 1933 to 1937, died Tuesday.

Owner Glenn Roland, president of Hydro-Capitol Co., Newport Beach, admitted regret over the sale, but said his plans for the yacht didn't work out after he bought it in the British West Indies in 1962.

Roland said he now has about \$250,000 tied up in the vessel. It was built for President Roosevelt at a reported cost of \$1.3 million.

CINCINNATI (AP) — Lucien Wulson, 74, board chairman of the Baldwin Piano Co. and longtime patron of the arts, died Monday.

A Lovelier You

By MARY SUE MILLER
NO SNEEZE, NO WHEEZE.

From the beauty angle, one of the most annoying allergies is a sensitivity to hair. There are

times when you just can't do a thing with your locks unless you spray. And that you could never do if it made you wheeze, sneeze and break out in a rash.

Here's where new, hypo-allergenic hair spray comes to the rescue. It contains no perfume, lanoline or lacquer — ingredients known to irritate allergy-prone people. Yet it manages to hold the hair with a gentle, firm hand. As it is water-soluble, touch-ups may be given a sprayed coiffure with moist comb.

Another hair "saver" for sensitive women takes the form of hypo-allergenic hair set. While packaged in aerosols, this is not a holding spray. It is applied after hair has been roller-set or pin-circled—before the drying operation.

The purpose of applications is to give longer-lasting waves and curls, more body and bounce to the hair. The results are achieved through formulation with natural protein, a building block of the hair's own construction.

Added to holding and setting sprays, a hypo-allergenic conditioner would bring to full complement the aids that keep hair groomed between shampoos. And what a boon that would be for lovelies with low-tolerance to the standard groomers that so safely beautify the majority of heads.

Veteran Bootblack Is Presented Gift

PHILADELPHIA (AP) — Grazio J. Pasquarello — "Joe" to his friends — has been a bootblack for 54 years.

He's semiretired now, working only in the mornings. He still charges only 20 cents a shine and accepts no tips from his 35 or so customers, all bankers.

Today, the bankers will show their appreciation. They'll present a silver water pitcher to the 75-year-old bootblack.

After the presentation, Joe will be back at the same old stand. He said he is "deeply appreciative," but today is "just another day." — And another \$7.00 or so.

Burton must leave Puerto Vallarta by Jan. 23 for Toronto to begin rehearsing a stage production of "Hamlet."

Antonio Valenzuela, one of his attorneys, said the divorce "surely will not be settled before Mr. Burton's departure."

AWAITS 21 DAYS

Judge Arcadio Estrada, with whom the suit was filed, gave Fisher 21 days to reply. Valenzuela said he would fly to Mexico City today with the papers calling on Fisher to reply and airmail them to another lawyer for Miss Taylor, Milton Rudin of Los Angeles. Rudin is to deliver them to the Clark County, Nev., sheriff's office for delivery to Fisher, who is filling a singing engagement in Las Vegas.

Fisher recently said that he thought U.S. sovereignty rights, power and authority over the canal were being eroded.

BEAUTY OF HOUSEWORK

PUEBLO, Colo. (AP) — In some places, William J. Young complained, the Indian war dance is an honored form of art.

No so in Pueblo—at least not as Young does it.

He was arrested by police who said he created disturbances by staging Indian war dances at a number of taverns.

Taken before Magistrate John F. McGrath, Young said he has some Indian blood. He added he also had a train ticket to return him to Philadelphia.

The judge asked Young, 30, to use his ticket and police said today he had left.

LIZ WILL NOT GET "QUICKIE" FROM HUSBAND

By OSCAR KAUFMANN
PUERTO VALLARTA, Mexico (AP) — Elizabeth Taylor's suit to divorce Eddie Fisher "surely will not be settled" in time for her to marry Richard Burton in Mexico, one of her attorneys said today.

The action means an increase from \$265 to \$275 for students who share double rooms, and from \$280 to \$290 for single rooms. The term is 10 weeks.

President Eric A. Walker said the "spiraling rise in cost of food, services, equipment, salaries and wages" made the increase necessary. The last increase was in 1961.

Patton Will Head Extension Service

UNIVERSITY PARK, Pa. (AP) — The appointment of Thomas H. Patton as director of the Agricultural and Extension Service at Pennsylvania State University, effective Feb. 1, was announced today.

He succeeds Dr. Russell E. Larson, dean of the College of Agriculture, who has been acting director since his appointment as dean last July.

Patton has been affiliated with the service since 1930. He has been associate extension director for the last five years.

Miss Taylor and Burton, sequestered in the cliffside home they have shared in Puerto Vallarta since September, refused to talk to newsmen.

Penn State Raises Room, Board Rates

UNIVERSITY PARK, Pa. (AP) — Room and board at Pennsylvania State University will go up \$10 a term, effective with the summer term opening June 22, it was announced today.

The action means an increase from \$265 to \$275 for students

who share double rooms, and from \$280 to \$290 for single rooms. The term is 10 weeks.

The mother, Mrs. Margaret Oswald, told reporters that attorney Mark Lane would appear

for her dead son before the special presidential commission

Lane several weeks ago submitted a lengthy brief to the commission, headed by Chief Justice Earl Warren stating that Oswald should be defended.

DEFENDS SON

Mrs. Oswald contends her son is innocent or acted with others in guilty. Evidence released by government agencies has indicated Oswald acted alone.

Oswald, 24, was charged with the Nov. 22 assassination of

Kennedy, the fatal shooting of a Dallas policeman, J. D. Tippit, and the attempted murder of Texas Gov. John B. Connally, who was riding in a car with Kennedy.

Oswald was shot in the Dallas City Hall as officers prepared to transfer him to the county jail. Jack Ruby, Dallas night club operator, is charged with the slaying which occurred before a national television audience.

SANTA CRUZ, Calif. (AP) — Dr. Oliver J. Lee, 32, at one time one of the nation's leading astronomers, died Monday.
